

How to set the video “UNLISTED”?

While uploading your video, don't forget to choose [Unlisted] from the [Privacy Settings] list.

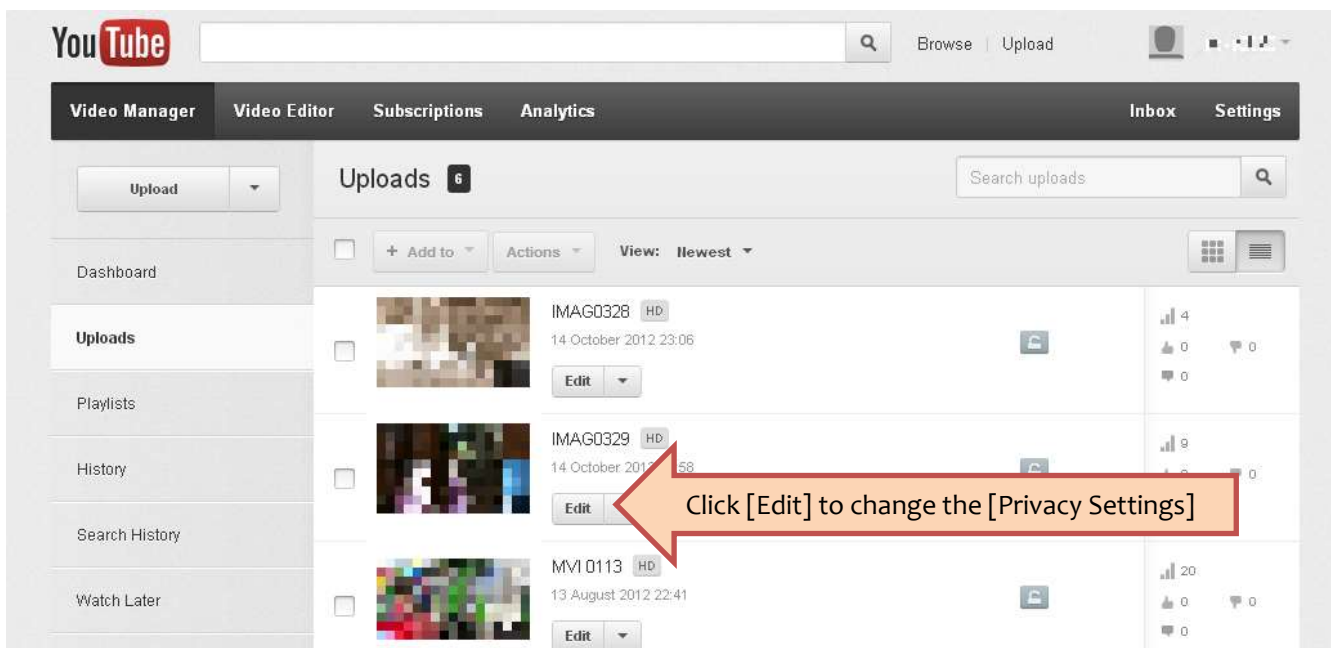

The screenshot shows the YouTube upload interface for a video titled "MVI_0013.MOV". The video is 37% uploaded. The "Privacy Settings" dropdown menu is open, showing the following options: Public, Unlisted (highlighted in blue), and Private. A large red arrow points to the "Unlisted" option with the text "Choose [Unlisted]".

If you forget to do this while uploading, don't worry. You can also do that afterwards.

Login with your account and go to [Video Manager].

Click [Edit] button of the video, then a similar screen with the above will appear.

You can change the [Privacy Settings] from there.

The screenshot shows the YouTube Video Manager interface. The "Uploads" section is active, showing a list of videos. The video "MVI 0113" is highlighted, and its "Edit" button is pointed to by a red arrow with the text "Click [Edit] to change the [Privacy Settings]".
