Seminar
Outline

<Lecture> How did you learn Kanji? How do you teach Kanji? How many different ways are there to learn/teach Kanji? In this seminar, the speaker will first talk about how do learners learn Kanji and what do they think about Kanji learning. On top of sharing the various methods used by some teachers in teaching Kanji, the speaker will also propose various related classroom activities.

<Workshop> By looking at some examples of classroom activities, we will discuss and discover the classroom activities which we could start using as soon as tomorrow. Although it is not mandatory, it would be great if you could have the brush pen, colour pen, or colour pencil with you as we will be using them in the workshop.
