

JFKL "TADOKU" - SALON

Let's enjoy reading Japanese books together!

TADOKU is a reading activity whereby one reads as much as possible without the aid of a dictionary.

Hence, would you like to try reading with us from the vast selection of title of your own choice? After reading them, we shall have a short session in sharing with others on what we have read.

At our salon, you will find books of different levels and genres.

- ✓ Pick one that you would like to read.
- ✓ Read another after finishing one.
- ✓ Then, talk about it with a group of friends.
